Re-Networking Station Manuals

Below are the stations supported by ChargePoint. Click on any picture to download the instruction manual for that station:

*General Note:

- For the OCPP ChargeBox ID in the manufacturers configuration, do **NOT** use special characters of the MAC address provided. Example:

Introduce: **0224B1FFFE0013AC** in station configuration instead of **0224:B1FF:FE00:13AC**

- SIM card APN: **cp-onramp-1.m2m** (no username / no password)

Backend Ocpp 1.6 Url for public connection are the following, unless specifically mentioned.

- FOR United States of America (US): wss://ocpp-us.chargepoint.com/open/ocpp/j1.6

- FOR Canada (CA): wss://ocpp-ca.chargepoint.com/open/ocpp/j1.6

- FOR European Countries (EU): wss://ocpp-eu.chargepoint.com/open/ocpp/j1.6
